\* Deflactado con el Índice Nacional de Precios al Consumidor General.

De acuerdo con el INEGI, a partir de la primera quincena de abril de 2013 se utilizan ponderadores obtenidos de la Encuesta Nacional de Ingreso Gasto de los Hogares (ENIGH) 2010. El Instituto aclara que previo a esa quincena y desde la primera quincena de enero de 2011 se utilizaron ponderadores obtenidos de la ENIGH 2008. Asimismo, el INEGI señala que esta actualización puede provocar que durante el año la tasa de variación anual del índice general quede fuera del rango respecto a la variación de sus componentes.

**ÍNDICE DEL SALARIO MÍNIMO REAL**  
Diciembre de 2010 = 100
